RELIEF NEWS.

LADIES' AID SOCIETY.—The Society for this township met on Thursday last, at the Methodist church, in this city, according to order of business.

A motion was made and adopted, that the funds now on hand be distributed to the following States, to-wit: Virginia, South Carolina, Alabama and Georgia, and the Advisory Committee entrusted to carry out the wishes of the Society as indicated by this action.

The Advisory Committee are authorized to say, will immediately proceed to discharge this duty.

The next meeting of the Society is appointed for Monday, October 1, at 10 o'clock, at which time it is proposed to elect new officers, and re-institute the Society for future usefulness.

It is hoped there will be a large attendance of the members.

DR. L. L. LINDSEY, Treasurer of "Disinfecting Society." At a meeting of our Southern Relief Society, on Wednesday, Sept. 13th, your report stating that you had appropriated one-third of net proceeds of your entertainments, given at Dover, to the benefit of the Society, was presented.

As an expression of our gratitude for your generosity, it was immediately voted that we return our sincere thanks, hoping that such considerate exertions on the part of the Society will result in the encouragement they so much deserve.

Allow me again, in behalf of our Society, to return our sincere thanks for your beneficent donation. A check will be immediately prepared and transmitted to the "Disinfecting Society," at Dover, N. H.

By order of the Society,
D. L. LINDSEY, Secretary.

THAT BLESSED BABY.—Since our notice of the little darling in the "Star," it has been our second in command, we have received the following congratulatory letter upon its advent:

STANLEY PARSONS, Sept. 8.
My dear friend, I am glad to hear of the birth of your valuable paper. I was gratified to hear of the birth of your child, and I am sure that the little one will be a blessing to the world.

Allow an old friend to congratulate you on the happy event, and at the same time to express our sympathy for the mother, who is losing so precious a member. While there is hope, there is life, and as the little one grows, may the sweet little innocent and go companionless.

My best regards to the mother.
J. R. G.

Unfortunately, "the spell" is not broken at our house. We wish it was. But the worst of the matter is, our babies are not getting on their feet. They are still in the hospital, and we are all waiting for them to be discharged.

For the Legislature.—We publish to-day the card of W. M. N. Green, Esq., independent Radical candidate for the Legislature, which explains itself. But it is the card of a man who is a well-known citizen, having resided here many years before his opponent, Mr. Beatty, ever dreamed of locating in this place; he is opposed to many of the acts and enactments of the Legislature, and especially to the monopoly of the officers of the county by strangers, of whom we know and care so little.

Next to our own ticket, we cheerfully present Mr. Green as a suitable man to be supported for the Legislature.

ELEGANT LUX FINE.—We noticed at the Foundry of Mr. Morrison, an elegant iron safe, of construction, and of the most perfect workmanship. It is a safe, and is not iron fencing, as in the end, there is a wood fence will fall, certain, in eight or ten years, while an iron fence will last several generations, with an occasional coat of paint.

EXETER.—Two bridge are now finished and in use. The country press is also finished, or nearly so, and two more house long sessions of County Court, and the jail. A term of the court has been held here, with no special business that we have heard of, unless it was to fix up the bond of the Sheriff, eight days in length, costing the county \$120.

RESIGNATION.—James T. Tolls, of Clay township, declines acting as register for that township, and Mr. Jno. Kesteron has been appointed in his stead. In Davis township, Mr. Clay declines to serve in same capacity, and Ed. Hill is appointed to take his place. See notice outside and inside.

PERSONAL.—We had a visit from Col. J. M. Lott, commander, late of the Confederate army, during the week.

We noticed last week the dangerous illness of Gen. William Shields. We are of opinion, though we have no information, that he has recovered.

HARDWARE AND DRY GOODS.—Mr. M. F. Boyle is now in Lexington, purchasing goods for his hardware and dry goods store, and will be here in a few days with fine stock for both departments.

IN ERROR.—We were in error in stating last week, that Mr. E. Winsor was the only person fined by the court at Jefferson City, for doing business on the Sabbath. Mr. Robinson was also fined in a like sum. The cases of Lieblich and Keller were continued.

McCAUSLAND OIL WELL.—As we were going to press last night, a report reached us that oil, in paying quantities, had been discovered at the McCAUSLAND OIL WELL, and that the yield was abundant. The oil is reported to be of a very superior quality.

FINE COACH.—Mr. Roberts has just added to his stock of coaches and elegant adorned Concord, which has just passed from under the brush of D. Russell & Co., of this city. It is a pretty coach.

BORROWER HORSE.—We noticed this well-kept horse just under a thorough painting, and is looking as bright as a new dollar. Mr. T. Williams, the proprietor, is deserving of a good patronage.

HORN FRIGIDITY.—A collar paid, during the week, \$1 per head, for the horn frigid, at the Leavenworth City—\$1 per head.

PATENTS.—Mrs. Stone has received from New York a lot of handsome fall dress patterns.

THE LAND GRABBERS.

Messrs. Editors: I wish, through the columns of your valuable paper, to ask the Register one or two questions. I like to read of you, but would be pleased if you could publish the following:

I wish to know of the Register why the Radical party are always trying to lie out of, and shove off the abominable and disgraceful deed, committed by the Radical party, during the war, on the shoulders of the Conservative Union men? It is not worth while for you, Mr. Register, your Radical party, to try to get away from the truth. The truth is mighty and will finally prevail.

You Radicals cannot make the Union party responsible for your sordidly and disgraceful conduct during the war. We Union men fought and struggled for the Constitution and Union as it was; while, at the same time, your radicals were plundering your neighbors' farms and houses, talked of bushwhacker, but whenever the rebel or bushwhacker came in sight, you and your Radical brothers crawled in some thick thicket of jambs, gunpowder, or other brush, to change their uniforms, for the Radicals always had a good supply of citizens' clothing, captured from unarmed citizens—a very bold and brave way of getting clothing.

The Radicals' conduct of stealing from the Union men, have not formed a company to buy the people's land sold for taxes? You know the lands in Lafayette county are owned almost entirely by Southern people. These lands were advertised for sale in your paper, and you Union men, who are now in the land-grabbing business, knew that your paper had no circulation in the county, and knew that the people in the country would know nothing of the sale of their lands advertised in your paper. Their lands were sold, and sold into the jaws of these land sharks, or tax-jumpers—all done for the purpose of swindling the people out of their lands and homes, and putting it in the pockets of Radical land-grabbers.

Radical land-grabbers, that are engaged in this tax-jumping business, knew that your paper had no circulation in the county, and knew that the people in the country would know nothing of the sale of their lands advertised in your paper. Their lands were sold, and sold into the jaws of these land sharks, or tax-jumpers—all done for the purpose of swindling the people out of their lands and homes, and putting it in the pockets of Radical land-grabbers.

MULTIPLI CONVENTION.

We said, last week, that the secrets of this Nigger assembly would leak out anon, and that the program made public would be the life of the world, in some way, be secretly endorsed if not fully adopted. Since writing that paragraph, we have learned that after the performance of the Nigger convention, the loyal Union men, who were present, were to be the life of the world, in some way, be secretly endorsed if not fully adopted.
